

FOR NIGERIAN SCHOOLS

Results day, without the stress.

TermBook keeps your school's scores, registers, comments and results in one app. Teachers enter scores on their phones – online or offline – and TermBook does the arithmetic, the grades and the positions, then prints branded report sheets, marksheets and broadsheets in seconds.

WHAT YOUR SCHOOL GETS

One record book for every class and every teacher

- **Scores that add themselves**
CA and exam scores become totals, grades, positions and three-term cumulative averages automatically.
- **Report sheets parents keep**
Your logo, motto and signatures; ratings, attendance and comments; one clean A4 page per student.
- **Broadsheets and marksheets**
The whole class on one sheet, for the staff meeting, the file and the inspector.
- **Staff and roles**
Invite teachers; give each their classes and subjects. Class teachers, subject teachers and the principal each see what is theirs.
- **You approve, then lock**
Nothing prints until the principal approves scores and comments; locked results cannot be changed.
- **Registers and sync**
Daily attendance on the phone; every phone syncs with the school's records, with a backup on the server.

HOW IT WORKS

- 1 Teachers enter scores →
- 2 Principal approves →
- 3 Print and share

The report sheet

One A4 page per student, printed straight from TermBook.
